*Fly with Wings of Love*

Sepilok is home to the largest of the three Orang Utan rehabilitation centres in the world covering over 4000 hectares of forest. The centre was established in 1964 to rehabilitate captured, injured or abandoned apes. So far, about 100 "Wild men of the forest" have been brought to the centre and there has been a remarkable success with up to 75% being returned to the jungle.
